# How to Rename Business Context

The screenshot displays the Open ModelSphere interface. On the left, the Explorer panel shows a project structure with 'Automatic Teller Machine' selected. A green arrow labeled '1. Select' points to this element. Below the Explorer is the Design Panel, which shows the 'Name' property of the selected element set to 'Automatic Teller Machine'. A yellow arrow labeled '2. Edit' points to this text field. The main diagram area shows a UML Use Case Diagram with a use case titled '0 Automatic Teller Machine'.
